Passionate about Web Development.

Great intrest in acquiring and improving skills.

Skilled in Javascript,Node Js,React Js,HTML,CSS,Express Js and
Mongo Db

Experience

Sutherland

3 years 4 months

Lead Capacity Planner

July 2022 - Present (1 year 6 months)

Chennai, Tamil Nadu, India

As a Capacity Planner, my primary responsibility is to effectively allocate and optimize resources, including seating capacity, to meet the demands of various programs. I analyze program requirements, and collaborate with stakeholders to ensure efficient utilization. My role will involve data analysis, resource allocation planning, and continuous monitoring to ensure optimal program execution. Additionally, I work closely with facility management teams to address any constraints and maintain a seamless allocation process. My contributions directly impacts program efficiency, cost-effectiveness, and overall operational success.

Sr. Associate RTA

September 2020 - July 2022 (1 year 11 months)

Chennai, Tamil Nadu, India

Skill Safari

Full Stack Developer

May 2022 - Present (1 year 8 months)

Chennai, Tamil Nadu, India

During my web development internship, I had the opportunity to work on various projects and gain hands-on experience in developing responsive and user-friendly websites. I collaborated with a team of developers and designers to create engaging web solutions, adhering to industry best practices and standards. I was involved in the entire development life cycle, from requirement analysis and design to implementation, testing, and deployment. This internship has equipped me with valuable skills and knowledge in web development, enhancing my ability to create impactful online experiences.

Mack's Productions

Web Development Intern

June 2020 - June 2020 (1 month)

Chennai, Tamil Nadu, India

During my web development internship, I had the opportunity to work on various projects and gain hands-on experience in developing responsive and user-friendly websites. I collaborated with a team of developers and designers to create engaging web solutions, adhering to industry best practices and standards. I was involved in the entire development life cycle, from requirement analysis and design to implementation, testing, and deployment.
